In reference to your D.O.No.988 dated the 18th instant regarding separate accommodation for dependants of the Companies' employers at the Kolar Gold Fields General Hospital, I beg to state that separate accommodation for legi timate members of the families of the European employees could be made available by the addition of two wards to the existing building.

I would suggest however that these dependants should get certificates from the Superintendents of the mines shewing their legitimate relationship to the employees; other wise we will have to give separate accommodation for all sorts of rif-rafs prostitutes and other undesirable "dependants" of Anglo-Indian employees on the Mines.
